

Invisionit is a service company that provides personality assessments and coaching for young adults to determine natural strengths, personality traits, passions and career fits. Our goal is to help young adults gain insight into who they are so they can make decisions that help them to achieve personal and professional happiness and success.

Invisionit Program for High School Students

Deliverables:

- SchoolPlace Big Five Profile™ assessment taken at school via Invisionit Website (www.invisionitllc.com/schoolplace)
- Prior to taking assessment, students view three-minute DVD to introduce the program
- Two-period assembly (approximately 80 minutes) - includes a multi-media show along with professional facilitators who coach students through their reports. Each student will also receive a custom T-Shirt (Three sizes will be provided: M, L and XL)
- Development of a tracking tool to assess attitudinal and behavioral changes

Invisionit Staff Support:

- Assist schools with setting up process and system to take assessments
- Assemble all assessment information into books for students
- Provide abbreviated version of information about each student for school counselors
- Assist school staff at program time to distribute books
- Provide annual training for counselors, school administrators and teachers to use and understand assessment information
- Provide a parents' night to walk parents through students' assessments that will include coaching techniques to support students' strengths and natural career fits as well as coaching on managing personality derailers

Significantly reduced price per student during pilot program year 2009-2010.
